

Candidates Nominated for Election at the 137th SCI Annual General Meeting

Below are the details of candidates who have applied for vacant positions on SCI's Board of Trustees and its Standing Committees.

BOARD OF TRUSTEES

Ordinary Member of the Board of Trustees

Mrs Diane Elaine Brown

I have a chemistry degree and my main career was with the Chemical Industries Association as Senior Environment Executive, developing and promoting agreed positions both nationally and internationally. Before this, I ran a department in a pharmaceutical company and had marketing experience with a well known international company. I have served on the SCI Council, the Executive Committee, the Transition Board and the Board of Trustees. I was a Chairman of the Awards Committee and of the Environment Group. I have a Distinguished Service Award and a Lampitt Medal.

I was closely associated with the development of environmental legislation and was a representative of the chemical industry on government committees and at meetings of OECD, UN and the European Commission. I briefed politicians, gave evidence to parliamentary committees and appeared many times on TV and radio. I chaired the CEFIC Waste Working Party and edited a number of waste management publications. I have been the Company Secretary and member of the Management Committee of a co-operatively owned microbrewery and I am also a trustee of the Allerdale Disability Association. I have extensive experience of running and being on committees.

I want SCI to focus on how best to serve its individual members and help them to achieve their goals at various stages of their careers. I would also like to see SCI making more use of its members' skills in communicating with a number of outside bodies in order to show the depth and width of the knowledgebase we have. SCI needs to be clearly positioned in the market and be viewed as a must join society. I also want to ensure that SCI operates efficiently and effectively and remains financially stable.
